BEAUTY that's more than SKIN DEEP

Durango's large pass-through storage compartment allows for more camping gear.

The Convenience Center includes cable and satellite hookups, outside shower, winterization feature and black tank flush controls.

The outside kitchen is a popular feature on many RV's today, and the Durango 1500 offers it on three floorplans.

Outside, Durango maintains its striking good looks with high-gloss Lamilux® gelcoat sidewalls and a painted fiberglass front cap. Underneath that outer skin, you'll find 100% six-sided aluminum-framed construction, a fully-enclosed and heated underbelly and water system, and monster-sized, fully-finished, pass-through storage compartment. Down below, we offer a top-of-the-line Dexter® axles with auto-adjusting brakes and Equa-Flex® rubberized suspension for a smooth ride, as well as front electric jacks.

All in all, we think you'll find any one of the Durango 1500 line of quality lightweight luxury fifth wheels to offer the perfect family escape plan. Visit your local dealer and see for yourself.

K-Z strongly encourages our retail customers to purchase from their local dealership whenever possible.
